

The name is program

Metal cover from five decades

TRIBUTE TO METAL

performs the most outstanding songs from the entire spectrum of Heavy Metal - live in one set and as close to the original as possible. Passion not only for a band, but an entire genre.

Even the musicians do not like each other, they share a high level of playfulness and joy. Concentrated metal power for all fans of the harder gait in shows of up to three hours.

TRIBUTE TO METAL covers next to primal rocks like

Iron Maiden, Metallica, Megadeth, Judas Priest or Dio as well as bands like Alter Bridge, Anthrax, Disturbed, Dream Theater, Pantera, Pretty Maids, Queensrÿche, System of a Down, Van Halen and more.

This multi-faceted mix of energies and sounds forms the perfect basis for a full-length spectacle that will not only spit on more adrenaline into the blood of sworn Metalheads.
